WHY BUY DOTERRA DIRECT?

I hear it all the time from customers telling me that Doterra products are cheaper when buying Doterra oils on Amazon.

Why buying Doterra oils on Amazon is a bad thing?

Yes, there are some unscrupulous vendors who are selling Doterra on Amazon and E-bay but let me warn you now about these selling sites such as Amazon or E-bay. The products they are selling are not therapeutic grade essential oils or Doterra essential oil products.

My Doterra customers were shocked to find out that if they were buying Doterra on Amazon or Ebay instead of directly from Doterra the quality could not be guaranteed. They quickly realized that they were taking a big risk on not getting the right product. I'm not telling you this so you to buy direct, but I feel if you are paying for a product such as Doterra you should not be getting Doterra and not a sub-standard products that could be harmful and a waste of money.

The fake Doterra products are generally put in generic bottles with counterfeit labels. The so call oils are generally cheap scented water or oil, often this results in the customer having a unhappy experience from rashes, tummy upsets and a lot of money spent on something you didn't want in the first place.

If you see Doterra products selling Doterra on Amazon or eBay the likelihood is that they are not Doterra oils. In fact, it could be dangerous to purchase so called Doterra oils from Amazon or eBay because they may be filled with unwanted fillers and toxic elements.

The bottles may look the same as a Doterra bottle and the liquid may seem the same as a Doterra oil, but they are just a cheap essential oil or worse. The other issue is, if someone buys from Amazon or eBay, Doterra has no responsible for the oils or any illness caused by the oils.

DON'T BE FOOLED BY FAKES

So, don't be fooled by fakes and buy Doterra direct, because Doterra Therapeutic Grade essential oils represent the safest, purest, and most beneficial essential oils available today.
